No. 5954.

7 To accept the proposal of the District Board, Tumkur would commit the Government to pay much more than what they are contributing towards even regular Local Fund dispensaries, which is far from the basic principle of the scheme formulated by me.

8. I would, in this connection, invite reference to my letter No.G.C.411-19 dated the 9th Instant, where proposals for the opening of four District Board dispensaries in the Mysore District have been submitted for the sanction of Government. It will be clear from this letter that the entire cost of maintenance of these dispensaries should be borne by the District Board.

9 I cannot recommend any change in the procedure laid down in my scheme.

S. Subbarao
~~Senior~~ Surgeon

10. If approved the President's attention will be invited to Senior Surgeon's letter No. C-893-2 dy 21-2-31 & the proposal negatived. It now does not appear necessary 17-3-31 to consult the Dy Comm. as the Senior Surgeon has not approved of the proposal

Copy of letter No. C. 1883-2 dated the 21st February 1931 from the Senior Surgeon in Mysore to the President, District Board, Tumkur.

- - - - - - - - - - - - -

In acknowledging your memo No. L.F2.C. 153 dated the 13th Feby: 1931, regarding the conversion of the Rural Dispensary at - - - Kadagenahally into a District Board Dispensary, I have the honour to invite reference to the enclosure to my letter No. C. 1883 dated the 20th January 1931, and to state that the scheme formulated by me appears to have been misinterpreted.

According to the resolution of the Board, the Government will in the present case have to pay towards the maintenance of the dispensary much more than what they are usually contributing towards a regular Local Fund Dispensary. This is certainly not the purpose of my scheme. By a District Board Dispensary is meant a dispensary maintained exclusively at the expense of the Board, but in which the establishment is still further reduced as compared with the reduced scale, in order to keep down the expenses to the absolute attainable minimum.

Under these circumstances, I am afraid that the proposals of the

OFFICE OF THE PRESIDENT, DISTRICT BOARD,
TUMKUR DISTRICT,

Dated, Tumkur, the 13th February *193* 1.

From

D. S. MALLAPPA, ESQ., M.L.C.,
PRESIDENT, DISTRICT BOARD,
TUMKUR DISTRICT, TUMKUR.

GEN. & REV. SECTT. 4137 28 FEB. B. G. BRANCH.

OFFICE OF THE DEPUTY COMMISSIONER No. 1254 TUMKUR DISTRICT.

To

R. RANGA RAO, ESQ., B.A., B.L.,
GENERAL SECRETARY TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE,
BANGALORE.

Through

THE DEPUTY COMMISSIONER,
TUMKUR DISTRICT, TUMKUR.

Sir,

I have the honour to state that there is at present a rural dispensary at Kodagenahalli, Madhugiri Taluk and a retired Sub Assistant Surgeon has been placed in charge of it, the District Board paying him Rs 25/- per mensem. The District Medical Officer, Tumkur, who inspected the dispensary in December last reported to this office that the working of the Dispensary was far from satisfactory and the dispensary was of no use to the public and made certain suggestions to render the dispensary more useful. An extract from his inspection note is enclosed for perusal. In this connection, the Senior Surgeon suggested that a Dist. Board Dispehsary as proposed by him for the Mysore District (copy of his letter detailing the scheme enclosed) might be opened in this place.

The subject was considered by the Board at great length at their meeting held on the 22nd January 1931 and it was resolved that the present rural dispensary might be abolished and that a District Board Dispensary suggested by the Senior Surgeon in his letter No. C. 1362-1 dated 18-11-1930 might be established at the place. The Board further resolved that Government be requested to bear half the cost thereof, the other half being borne in equal proportions by the District Board and the Village Panchayet that till it was sanctioned an Ayurvedic Vaidyasala might be opened temporarily and that one Mr. Nanjundappa who has the requisite qualifications might be appointed immediately on an allow-

Extract from the inspection notes of the Kodigenhalli Rural Dispensary by the District Medical Officer, Tumkur, on 20-12-1930.

This is a mere apology for a dispensary and is of no use to the public. No mixtures, pills, powders, ointments or lotion were found prepared and kept. Several medicine bottles had not even been opened. The Sub Assistant Surgeon said that several people are treated daily for Malaria and yet bottles containing quinine had been unopened and there was no mixture, cinchona, quinine or other anti-malarial mixtures or pills. There was no arrangement for dressing ordinary cases. I inspected the dispensary at 10.30 A.M. The Sub Assistant Surgeon was lying in bed and not even one case had been treated and the outpatient register was blank for 20-12-30. Water in wash hand basin was dirty and foul and appeared not to have been changed even for several days. The dispensary as it is run now is a mere waste of public fund and as per order at the time of opening of dispensary the Sub Assistant Surgeon is expected to collect fees from well-to-do people and purchase medicine for the use of the dispensary. It is too much to expect a medical man to spend money out of his allowance for purchase of medicines. The present man is too old and Asthmatic to be able to do any work.

To make the dispensary useful I suggest following measures:-

i) The present Sub Assistant Surgeon is getting Rs 25/- from District Board and Rs 5/- from Local Panchayet ie. Rs 360 per year. I would suggest Rs 180/- worth of ordinary medicines to be supplied every year from stores or through District Board to this dispensary and an allowance of Rs 15/- per month given to the Sub Assistant Surgeon to be supplemented by any fees he may earn in the village.

ii) To shift the dispensary to a portion of the local Musafirkhana for the present.

iii) In case the present man is not willing to work on an allowance of Rs 15/- per mensem to depute Sub Assistant Surgeon, Madhugiri to visit the village twice a week in the afternoon as there is a buss running to this village.

iv) In case the above arrangement proves useful and the dispensary gets popular a new dispensary to be given as this village is 13½ miles away from Madhugiri and as there is no other dispensary close by.

v) To send a midwife to the village at an early date as local Panchayet are willing to bear half the cost.

Tumkur District.

ASD.

Letter No. C. 1362-1 dated 18-11-1930 from the Senior Surgeon in Mysore , Bangalore, to the President, District Board, Mysore.

With reference to your letter dated the 14th, regarding the Dist. Board dispensaries, I write to inform you that these Institutions are proposed to be financed exclusively by the District Boards, until such time as they can be converted into Local Fund Dispensaries. Sub Asst. Surgeons will be lent for working in these dispensaries from the Medical Department, and to secure efficiency, the dispensary will be under the professional control of the District Medical Officer.

There is some essential difference between this and the reduced scale dispensary. The cost in the case of the latter is borne partly by Government and partly by the District Board. The scale also differs in the two cases and is as follows:-

Initial charges.	District Board Dispensary.	Reduced scale dispensary.
Europe medicines.	Rs 500/- (Dist. Board)	Rs 800/- (Govt.)
Furniture.	Rs 120/- do	Rs 200/- (Dist. Board)
Country medicines.	Rs 100/- do	Rs 100/- do
Recurring charges.		
Pay of Sub Asstt. Surgeon	Rs 40-50	Rs 40-50
Charge allowance of Sub Asst. Surgeon.	Nil	10
Pay of compounder	Nil	20/-
Pay of midwife	20	20
Servant	10	10
Contingencies.	5	5
	Rs 75 or 85	Rs 105 or 115

I may, in this connection, point out that the District Board dispensaries are to be opened tentatively in such places as the Board think need arrangements for medical aid. If these are found to work atisfactorily, after some time, they will in due course be converted into Local Fund Dispensaries.
